ALEXANDRIA AFFAIRS

Startling Information Imparted to Citizens This Morning.

ALLEGED ATTEMPT TO INCITE RIOT

Exciting Scenes in the Mayor's Court During Trials.

COLORED OFFENDERS FINED

Evening Star Bureau, No. 701 King Street, Bell Telephone No. 106,

ALEXANDRIA, Na., August 8, 1860. A startling surprise greeted the citizens of this city when they awoke this morning from the quiet slumbers of the night. The information that Alexandria had been patrolled during the night by a mob of several hundred negroes fell upon the people as would a thunderbolt at noonday. Excitement was portrayed on many faces as the story of an attempted assault, heinous and fiendish, on a little eight-year-old white girl went the rounds with its sequel of a midnight gathering of negro sympathizers determined to protect by force the alleged perpetrator of the crime, then behind the police station bars.

Against the name of Ben Thompson, a colored youth, aged twenty years, was the charge of attempting a criminal assault on little Lillian Clarke, daughter of Mr. Edward and Mrs. Julia Clarke, who reside on Patrick street near the corner of Wythe street. Long before the hour of holding police court citizens congregated in the vi-cinity of the station house, and when May-or Simpson took his seat on the bench every available space in the court room was occupied.

Four negroes, who answered to the names

of James Turiey, Edward Gibson, Alfred Mason and Harry McDonald, were first ushered into the dock. The charge of disorderly conduct, carrying concealed weapons and inciting a riot was entered against their names. Lieut, Smith first took the witness stand. He estand that the town witness stand. He stated that the town was very quiet up to shortly before 12 o'clock, when several negroes were seen to pass the police station together. This attracted the lieutenant's attention, and shortly thereafter that officer noticed of colored people congregated on several corners.

The Mayor Notified.

The licutenant then proceeded to Mayor Simpson's home to notify him of what he had seen and heard. The mayor directed that officers on the street be ordered to the station house to preserve order in the event of any aggressive movement being made on the part of the colored people. Officers Bettis, Howison, Beach, Deane, Young, Hall, Lyies and Spinks were so notified by the lieutenant., and they proceeded to the vicinity of the station house. The lieutenant said that at this time there was no dis-turbance, nor was there any gathering of the white citizens, and to his knowledge no

such gathering occurred.

Officers Lyles, Howson and Spinks were dispatched to the lumber yards, situated near the river shore, but they found nothing unusual there. Shortly past 1 o'clock Lieut. Smith observed a crowd of colored men gathered at the corner of Cameron and Fairfax streets. He went over and and Fairrax streets. He went over and told the negroes to disperse. This they refused to do, maintaining a sullen silence. After some parleying the mob moved down to "Hard Corner," a few blocks down Fairfax street, where they again halted. With a squad of officers Lieut. Smith agun commanded the men to disperse, and as they continued to refuse he graphed two of continued to refuse he grabbed two of them, Mason and McDonald, turning them over to Officer Spinks and a citizen, Mr. Harry Fisher, who conveyed them to the station house. In response to questions the negroes stated that they had gathered to see that there should not be a repetition of the McCoy lynching of three years ago for the criminal assault of the little Lacey girl. At "Hard-Corner" the crowd nambered, according to the officers, about 200.

Officer Atkinson, who next took the stand, tolu of arresting Turley. The latter and a negro named Richard Washington, the officer said, were acting as spokesmen for a large gathering. He heard some one yell: "Boys, what say you? Let's lynch Bob Arnold," referring to Mr. Robt. Arnold, who had gone to the station house to inform the officers of the negro gatherings.

Messrs. David Makely, Wm. Shoeni and
another citizen then came up, assisting Officer Alkinsor in arresting Turley. When searched at the station house a large pis-tol and a box of cartridges were found on

Turley's person.

Officer Bettis gave in substance the evidence given by his brother officers. The negroes, he said, were to be seen on almost every corner and moving in every di-

Officer Young also witnessed the disturb-ance and endeavored to pacify the colored people. They were obdurate, he said, and seemed bent on mischief. He stated that there seemed to be no corner in the eastern part of town without its squad of rioters While the hearing was in progress John Nelson and Wm. Washington were recognized in the court room as being impli-cated in the disturbance and were taken into custody.

Several citizens testified as to the riotous

proceedings between 1 and 2 o'clock this morning. Every witness examined, except Turley, who later took the stand, testified that no threats of lynching were heard on the part of the whites. Indeed, from the evidence, it appeared that very few people knew of the nature of Thompson's alleged offense, as Mayor Simpson and the police officers had taken every precaution to prevent any undue excitement.

Turley Takes the Stand. James Turley, after consulting his attorney, Joseph R. Flanigen, made a statement to the effect that he was going from work late last night and met several white men, who loudly threatened to lynch some negro, who at that time, Turley stated, was unknown to him. He retraced his steps, he said, for the purpose of ascer-taining what the trouble was. He pleaded taining what the trouble was. He pleaded innocent of the charge of causing disorder. After Turley finished Mayor Simpson summed up the case, remarking that it brought to light a most remarkable condition of affairs in this city. There was nothing to show, he continued, that the imprisoned negro was in the slightest danger, and yet the colored people had attempted and yet the colored people had attempted to incite a riot which might easily have called down upon their heads a swift and terrible calamity. He imposed a fine of \$20

terrible calamity. He imposed a fine of \$20 in each case.

Albert Greene, Allen Carter, Robert Butler, John Heskins, James Alexander, Edward Payne, Thomas Elsey, Richard Washington, John Nelson and William Washington were next arraigned, charged with being implicated in the riot.

About the same evidence as was given in the other cases applied in these, except that the above named were not charged with carrying concealed weapons. Greene was fined \$20 and the others \$5 each, excepting Wm. Washington and Nelson, who were dismissed.

The Alleged Criminal.

Ben. Thompson, looking cowed and frightened, was next brought into the court room. Mr. and Mrs. Clarke, with little Lillian took their places on the witness stand. The little girl showed marked intelligence when testifying. She stated that she was passing the house occupied by Thompson at Patrick and Wythe streets yesterday, and that the latter reached out of his doorway and dragged her into his house. He then made an indecent attempt upon her, she stated, but she screamed and succeeded in escaping to her mother.

Mayor Simpson held Thompson's case for

Mayor simpson here Thompson's case for the grand jury.

Mr. Clarke this morning stated that a mob of negroes had attacked his home about 2 o'clock this morning, breaking several windows with stones. Talks of lynching are to be heard on all sides.

Council Meeting. A cailed meeting of the city council was held last night for the purpose of considering several street appropriation measures passed by council at a previous meeting, but which Mayor Simpson had vetoed. The

appropriations were as follows: \$500 for a twenty-foot roadway on Bibbon street, \$250 | no confirmation of his reported death.

F. S. WILLIAMS & CO.

for a twenty-foot roadway on Pitt street \$200 for a terra cotta pipe sewer in the alley bounded by Prince. Fairfax and Royal streets and \$275 to complete a sewer

on Pitt street.

Mayor Simpson's message set forth the fact that there was no city engineer, and that, such being the case, it was unsafe to proceed with such extensive street improve-ments. After hearing the message Mr. Smith moved that the appropriations be taken up and acted upon separately. He also offered a resolution empowering the committee on streets to employ a civil engireer to act as city engineer, assisting the street committee in all work under that department until council could elect a regular city engineer. Mr. Snowden thought the appointing power should be vested in the mayor. This called forth a lengthy discussion, which finally brought out the fact that council had the power which it was discussing.

Upon request of Mr. Snowden the report of Mr. W. B. Corse's examination for the position of city engineer was furnished. Mr. Corse, it was shown, was the only applicant and failed to make the percentage required by the board. After much dis-cussion a resolution was adopted directing the mayor to appoint W. B. Corse acting

city engineer until October 15. This matter being disposed of, the may-or's veto was again taken up. The veto of the \$500 appropriation for a twenty-foot rondway on Gibbon street was sustained by on South Pitt street was also sustained on South Pitt street was also sustained. The other appropriations were sustained, notwithstanding the veto.

In the board of aldermen the appropriation of \$50 for a pipe gutter at King and West streets was passed over the mayor's

Mayor Simpson presented a message regarding the foul odor which had arisen from newly laid gravel on Commerce street. The chairman of the street committee, Mr. Smith, endeavored to explain how the odor became prevalent on Commerce street. He stated that the body of a dead calf had become mixed with the gravel. A resolution was passed appointing a committee of two from each board to examine the

dition of King and Fayetie street crossing was referred to the street committee. A resolution to establish a quarantine against Elizabeth City and Hampton, Va., was tabled. The bill of Dr. Bechtel for 365.50 for services in connection with smallpox was referred to the claims committee. Health Officer Miller presented a communication recommending the appointment of a new board of health, but no action was

INTERNATIONAL CRICKET.

States and Canada Playing for the Honors. The international cricket match between

Canada and the United States began at Toronto yesterday morning with the visitors at the bat. Their score at lunch time was 179, for the loss of four wickets. Of this total Graves scored 37; Hinchman, 30; Goodman, 22; Bates, 12; Thayer, not out, 50, and Mason, not out, 16. Graves, Hinchman and Goodman were caught from Mcman and Goodman were caught from Mc-Givern's bowling, while Bates went out leg before wicket from Goldingham's bowling. The Canadians tried four bowlers up to that time. The United States made 206 runs in all. The Canadians followed, with 190 for the loss of eight wickets, when play stopped for the day.

The teams were:

Americans—W. S. Hinchman, N. Z. Graves, W. E. Goodman, H. E. Thayer, F. H. Bates, J. H. Mason, J. H. Scattergood, P. H. Clark, W. L. Freeland, W. P. O'Neill and S. G. Clemenson.

and S. G. Clemenson.
Canadians—D. W. Saunders, W. H. Cooper, A. G. Chambers, P. C. Goldingham, J. M. Laing, H. C. Hill, George S. Lyon, J. Forrester, C. W. Baker, W. E. McMurtry and H. B. McGivern.

Surgeon General Van Reypen of the Navy Department has received no confirmation of the press report of the death of the yellow fever suspect at Havana. Admiral Cromwell advised him by cable a week ago that a suspect had been isolated at the naval hospital at Havana, but he has had
